Caring for Creation - Our Responsibility

The broadcaster David Attenborough speaks about "the perilous state of our planet." The heat waves and the horrendous fires in many places in recent years are stark examples of the consequences of Climate Change and global warming. Last year was the hottest year on record and this one could break the record. Scientists tell us that carbon emissions result in climate change and strange weather patterns. Our planet Earth is threatened by extinction unless we take responsibility for its survival. In this regard, it is what we do that is more important than what we say. It is our moral duty as care-takers and stewards of this planet to do what we can immediately to reduce the threat to our common home. We owe this to the generations yet to come.

DIOCESAN PILGRIMAGE TO LOURDES

The Pilgrimage takes place 5-10 July, led by Bishop Larry Duffy. We remember all our young people from Clogher don Óige who are accompanying the pilgrims. We are asked to accompany the pilgrims and helpers with our prayers at this time.

Our Lady of Lourdes, pray for us.
