Statement of Contribution to Parish and Parish Accounts

The parish clergy wish sincerely to thank all who have made contributions to the parish, particularly over the past year. In previous years, volunteers delivered to parishioners a summary of their personal envelope contributions, produced by the Parish Office. In order to comply with GDPR - the new European General Data Protection Regulation, which became operative in May 2018 - it is no longer acceptable to have this information hand-delivered to parishioners as before by third parties. Nevertheless, parishioners who have contributed through parish envelopes or by standing order can call in to the Parish Office to request a printout of their record of contributions to the parish.

Once again, many thanks for your generous support. If you are a tax payer, it would be an additional help if you would consider giving the parish the additional benefit of your Gift Aid contribution. If you need any information about this, please call in to the Parish Office. Thank you for your financial support of the parish and its ministry. The summary balance account of this year's parish income and expenditure is available at the back of the chapel or in the Parish Office.
