**Reflection** This weekend's Gospel story is told six times in the four Gospels, more often than the story of the Lord's Passion and Death. This story must have been of the first importance to the followers of Jesus. But why? Why does this story feature more often in the Gospels than, say, the story of the Passion & Death of Jesus? Perhaps the words of the story give us a clue: he took the bread, broke it & gave it... Those are key words in the Eucharist. In both the miracle story and also at Mass, all are fed and there is more than enough for everyone. Both Gospel and Eucharist show how *God* is: the hand of God is ever open; we all benefit. Both Gospel and Eucharist also tell *us* something about how God wants us to be. In both, God is inviting us to be open-handed and generous too. God wants sharing. God wants us to share with each other at home, at work and in society in general. How easy it can be for us to be selfish! And yet, God's generosity calls us at every Mass to live life generously for others.

**Progress of our New Aumbry:** Cathedrals and main churches have an 'Aumbry', a special chamber to store the Holy Oils that are used for Baptism, for Confirmation and for Anointing of the Sick. The design of the new Aumbry for St Michael's is inspired by the Holy Water fonts that are in the entrance lobbies to either side of the main entrance of St Michael's Church. It has been done by the Architect, Ciaran Mullarkey, of Mullarkey Pedersen Architects, Derry City. The work has been undertaken by Tracey Brothers. The stone work has been supplied by the Feely Stone Company and electrical work by Paul Keenan. It is hoped that the Aumbry will be commissioned and blessed at a Saturday morning Mass, most likely in **September**. At present, the door for the Aumbry (which is planned to be made from glass with a brass surround) has to be manufactured.

**Refurbishment of Lighting in the Main Body of St Michael's Church:** Since the cease of manufacture of the light bulbs used in the light fittings down the main aisle of the Church, these lights are being retrofitted with new light fixtures that will use LED bulbs.

One of the central ironies of our world today is that while we have far more saving devices we seem to have less and less time. Meals are now quick and easy, but a new study showed that only one third of families sit around a table together for dinner. We can go to great lengths to make sure we always carry our phones with us for fear that we should be out of the loop even for the shortest time and if its momentarily misplaced it can cause a flurry of panic. The hurry and worry of daily life seems to only be increasing and any thoughts of solitude or quiet are distant memories. However solitude and quiet are at the heart of Jesus' prayer life. Before any significant moment in his ministry, such as the calling of the disciples or before his passion, Jesus spent time in prayer. Even for his disciples he calls them away for a time of rest in some lonely place where they could be by themselves. It is only instilling the noise in our hearts and minds that we can hear that still, small voice of God speaking to us,

watching over us and guiding us. Let us pray that we have the courage and endurance to do what is necessary and the faith that God will not lay a burden on our shoulders that is too heavy for us to bear.
