When they get in touch with nature, they also discover new things. They explore, understand, and learn. And by taking their time to observe and put their senses to work, by looking at the first shoots, by gazing at a bird's nest up in the branches, by watching a flower open its petals in the spring and then give way to fruit in the summer and colourful leaves in the fall, children begin to grasp the fragility of nature.</div> <div>Christmas Youth Choir for our Christmas Carol Service Registration - All children must be P4 and above and under 18.
